

Ir. Jarisman Abdul Jalil

Ir. Jarisman holds a Degree of Engineering (Mechanical) from University of Liverpool, England. Ir. Jarisman started his first career as an Executive at Proton Sdn. Bhd., an OEM car manufacturer. After 4 years, Ir. Jarisman jumped to business sector and accepted a role as Business & Development Manager at Profen Sdn. Bhd. His role in this company gave him a valuable experience in marketing activities. However, his tendency towards engineering activities makes him return to engineering sector and work as Lead Engineer in Lotus Engineering Malaysia Sdn. Bhd. He is then being selected as Section Manager at Proton Sdn. Bhd. After 2 years of working

as Section Manager, Ir. Jarisman decided to enhance his career in manufacturing sector and work as Operation Manager in Alexander Dennis (Malaysia) Sdn. Bhd., a UK's leading bus and coach builder manufacturer located in Shah Alam, Selangor. His past experiences show a great result where he is being offered to become Director of Red S Engineering & Consultancy. The opportunity shows that his experiences are being recognized by the company.

Ir. Jarisman is a Professional Engineer, member of Institute Engineer Malaysia (IEM) and certified trainer of Pembangunan Sumber Manusia Berhad (TTT Certification Number : TTT/6676). Ir. Jarisman training is focusing on Engineering Quality and Quality Integration area. He started his career as quality trainer with Robustness Tool (DFMEA/PFMEA) training to various companies since 2013. His working experience gives him an extra edge to provide example and explanation to real issue of current industrial environments.

Ir. Jarisman scope of training will be;

- Advance Product Quality Planning (APQP)
- Basic Statistical Process Control (SPC)
- Measurement System Analysis (MSA)
- Control Plan
- Process Failure Mode and Effect Analysis (PFMEA)
- 8D Problem Solving
- Production Part Approval Process (PPAP)
- ISO/TS 16949:2009 Awareness
